**Parental Commitment**

Parents and guardians who are supportive of our school are vital to its success and its image in the community. Having such adults in their lives is also crucial to a student's attitude toward school and his or her ability to learn. In choosing the Marietta Johnson School in particular, you are asked to accept the responsibility of supporting the school and the Organic Family.

Volunteers are essential to our school's well being and its educational atmosphere. Each individual student's life is enriched by having his parents involved and committed to the school. The school expects parents to participate in activities at the school through any resources possible and to take an active part in the family activities we offer.

The Marietta Johnson School strives to keep tuition and fees as reasonable as possible so that potential students are not limited by financial restraints. We expect tuition to be paid on a monthly basis and in a timely fashion, so that we can keep our commitment to our faculty, suppliers, and pay other expenses we might incur during the school year.

We have read the above and understand our responsibilities.
